Meat Pro Asia
www.meatpro-asia.com

Your key ingredient for success in the Asian market

Meat Pro Asia is rapidly growing into the most important trading platform for food processing machinery and packaging technologies in Asia. Held every two years in Bangkok, the fair runs concurrently with VIV Asia, the all related sectors. Together these fairs cover the entire supply chain from feed to food, processing and packaging, sales, logistics and cold chain. This wide coverage attracts the full spectrum of food technology trade

Exhibitors at Meat Pro Asia find themselves at the heart of immense potential. In 2023, meat market revenue in South East Asia is expected to soar to US\$85.55 billion, with market forecasts predicting annual growth of 7.7% leading up to 2028. Join us in 2025 to form partnerships with

Debut breakthrough: visitor turnout at the 2023 edition

8,894 visitors from 89 countries worldwide sourced from 100 exhibitors at the inaugural edition. Alongside VIV Asia, the two fairs drew a combined total of 47,527 visitors.

Slaughtering / primary processing

Packaging / filling and sealing machines

Praise from participants

Exhibitor feedback

"All the relevant buyers from farms, slaughterhouses, as well as cutting and de-boning are here, with many of them visiting our booth to find imported equipment from the USA. Right now in Thailand meat production is a big market, but producers need the right equipment to increase their volumes and yields to deliver more value for the market."

Luedej Prasopsri, General Manager, Jarvis Products Corporation (USA)

Buyer comment

"Compared to Vietnam, Thailand has a more advanced and well-developed poultry business. The fair is crucial because it provides us an opportunity to connect with fellow industry players, and we have even used it our presence here as an opportunity to sign a new cooperation agreement to sell meat in Myanmar via Thailand." **Doan Giang Nguyen, Deputy Managing Director, San Ha CO., LTD (Vietnam)**

Four major advantages of exhibiting

Network with the most relevant industry professionals, potential partners, and customers. Engage with a diverse range of suppliers, manufacturers, and distributors, which can lead to valuable business connections and collaborations. Together with VIV Asia, Meat Pro Asia covers the whole value chain from feed to food of all animal species. Attending the exhibition allows you to gain insights into the local and regional markets, observing the latest trends, consumer preferences, and emerging opportunities to make informed decisions and stay competitive in the industry.

The latest technological advancement and innovation seminars will be delivered by field experts during the show. Learn about cutting-edge equipment, techniques, and solutions to enhance your operations, increase efficiency, improve product quality and gain a deeper understanding of industry-related topics and regulations. With the presence of major industry players, Meat Pro Asia presents an opportunity to assess your competition, identify their strengths and learn from their strategies. This information can be invaluable in ensuring you stay ahead of your competitors.
